

DAVID TRENT AS A MENTOR...

COMPELLING TESTIMONIALS

Prior to meeting David Trent approximately 13 years ago, I knew that I needed to be doing something for myself, but lacked direction, drive or confidence to succeed. I felt I was going nowhere!

Then one afternoon I met David and he took the time to engage in a conversation with me which allowed us to get to know each other better. In a short time, David began offering me words of encouragement and supplying me with videos, tapes and reading material. David's constant words of encouragement began to improve my self-confidence and desire to forge forward no matter how many doors closed. I knew eventually, a door would open, and there would be no stopping me.

I contribute a good part of my success to David Trent, with his high level of integrity, honesty and his contagious ambitious nature.

David Trent is an extraordinary person who served as my mentor when I was a teenager. He took me under his wing to help me reach my goal of making the varsity basketball team. In the process I developed as an athlete, and even more so as a man.

He taught me not only how to dream big, but also how to identify and incorporate specific disciplines to make those dreams become a reality. Because of David Trent's impact, I have a winning approach to life that has helped me accomplish goals as a young adult.

I have been extremely fortunate to have mentors who have played a major role in shaping who I am today. David Trent is one of those few who have played a tremendous role in my personal development.

While I was growing up he told me the people you spend time with and the books you read will make you into the person you will become. I have no doubt this advice and the resources David has provided me through the years have been integral to my personal successes.

David has simply become one of the biggest influencers in my life. He has exceptional drive, focus, energy and passion. Over the last few years he has taught me several methods of how to grow my business and cultivate my personal life. He is a very busy man and didn't have to help me, but we both find rewarding offerings from each conversation. He sends me weekly wisdom emails, partakes in monthly phone conversations, and provides endless business brainstorming sessions with me. He even provides me with books, and has taken me on trips!

His passion to see me succeed has taken my work ethic to the next level. David has taught me to set high goals. His mentorship and friendship has been a vital part to my success.
