

# WISDOM SESSION

## One Resolution

“Life does not get better by chance, it gets better by change.” - Chris Widener

Every miracle has a genesis moment.

In the first century BC, it was a circle in the sand drawn by a sage named Honi. For Moses, it was declaring that God would provide meat to eat in the middle of nowhere, even though he had no idea how. For Elijah, it was getting on his knees seven times and praying for rain. For Daniel, I think it traces back to one resolution.

Destiny is not a mystery. For better or for worse, your destiny is the result of your daily decisions and defining decisions.

Daniel made the decision to stop, drop, and pray three times a day. Those daily decisions add up. If you make good decisions on a daily basis, it has a cumulative effect that pays dividends the rest of your life.

Along with daily decisions, there are defining decision. We only make a few defining decisions in life, and then we spend the rest of our lives managing them. Maybe you've made some bad decisions that have gotten you to where you don't want to be. The good news is that you're only one defining decision away from a totally different life.
